IFBI Qualifications accredited & issued by EduQual U.K.

EduQual

Course Description

Studying accountancy can lead to very satisfying and rewarding careers. This **IFBI EduQual Financial Accountant Professional, Graduate Diploma (Degree Level 6)** 1-Yr program is designed specifically to provide the full range of knowledge, abilities, skills and competencies for graduates to perform as accountant professionals in the corporate and business world. The program offers a very manageable and more affordable way to obtain a full accounting qualification. Graduates of the program will obtain the U.K and internationally accredited IFBI EduQual Graduate Diploma Level 6 Qualification. Not only do you get your accountancy qualification but you also obtain a degree level qualification!. The program is delivered completely online so students could study from any place and country and conveniently from their desktop or laptop computers, tables or even their phones!

The program consists of six units and runs for one academic year (nine calendar months) divided into three semesters. The program conforms to the EduQual U.K. and RQF Level 6 (Degree level) requirements. Students of the program will be taught and become competent in the following modules of the program:

- **Financial Accounting**
- **Management Accounting**
- **Auditing**
- **Taxation**
- **Accounting For Business**
- **Ethics & Professional Conduct in Accounting**

Graduates of the program will receive the **EduQual Financial Accountant Professional, Graduate Diploma (Degree Level 6)**. IFBI is an EduQual U.K. Accredited Centre. EduQual U.K. is a regulated awarding body under globally recognized SQA Accreditation. IFBI is also a full member ASTM International and other prestigious international organisations which are also included with your qualification making your IFBI qualification a premier international award.

IFBI EduQual Financial Accountant Professional Graduate Diploma (Degree Level 6) 1-Yr Program

Course Description

The program is also delivered by IFBI's qualified and practicing lecturers so students get both academic and real world experience and training.

Upon completion of this program graduates will be equipped with the full competency of financial and management accounting and business accounting as well. If you desire to work as an accounting professional or further your existing position or career with a degree level qualification in accounting for accountancy, managerial or career advancement objectives then this is the ideal program for you. Graduates of the program will also be able to use the designation acronym: **GDip FAcctP**

This IFBI qualification allows graduates to work in the industry, private or governmental, large or small or work as an independent consultant offering services to these industry sectors.

This is a far more manageable and affordable program for you to obtain a full financial accounting qualification without the exorbitant costs, time and difficulty as compared to other three year college programs, CPA or ACCA routes and still become an accountant professional and have a degree level 6 accounting qualification at the same time!

Benefits-What You Get
