Course Description

The **IFBI EduQual Graduate Diploma in Criminal Justice, Forensic Science & Security Management (Degree Level 6)** is highly innovative, professional program that provides the full range of knowledge, abilities, skills and competencies for graduates to perform as professionals in three specialized areas of Criminal Justice, Forensic Science and Security Management. The program also provides modules in financial investigations, business management and entrepreneurship. The program is intended for anyone who wishes to advance, develop or pursue careers in these exciting professions.

The program allows graduates function as professionals conducting work in these specialized fields, move on to higher positions such as supervisors, managers, or executives, develop their own businesses or provide consultancy services. The program benefits from the unique resources of IFBI in these multiple disciplines and sectors to provide a dream career and professional advancement to those looking to further or start their careers. The program is delivered online so students could study from any place and any country and conveniently from their desktop or laptop computers, tables or even their phones!

The program consists of six units and runs for one academic year (nine calendar months) divided into three semesters. The program conforms to the EduQual U.K. and RQF Level 6 (Degree level) requirements. It also follows the U.S. National Institute of Justice, Office of Justice Programs TWG curriculum guidelines on Education & Training in Fraud & Forensics and subscribes to the relevant ASTM International guidelines for forensic training. The program covers modules in the following subject areas:

- **Criminal Justice**
- **Forensic Science Overview Modules**
- **CSI Crime Scene Investigations**
- **Security Management**
- **Risk Analysis**
